Covering Dependents?

If you cover dependents on any of your coverages through **EISD**, you must provide the dependents name, date of birth, and social security number. You must have all of this information before dependents can be added to the system.

Making Changes During the Year

Choose your benefits carefully. Several of the employee benefits plan contributions are made on a pre-tax basis and per IRS regulations, contribution amounts cannot be changed unless you experience a qualified life event. Qualifying life events include:

- Marriage, divorce, legal separation.
- Death of spouse or dependent.
- Birth or adoption of a child.
- Changes in employment for spouse or dependents.
- Significant cost or coverage changes.

You must submit your benefit change requests and include required documentation within 30 days of the event.

Also note that per IRS, only changes consistent with the life event are allowed.

New Employees

As a new full-time employee, you have **30 days** from your date of hire to enroll in benefits. Everyone must go through the enrollment process, whether you are declining coverage or not. Enrollment into a medical plan or other voluntary product is not automatic. Employees must complete the enrollment process for their benefits within their **30-day** new hire period. If you do not complete your enrollment within the **30 days**, you will not be allowed to enroll in benefits until the next Open Enrollment period or if you have a qualifying event.

Very Important

Please carefully review your paycheck(s) to ensure all deductions are correct. If you find a discrepancy in your paycheck, please contact Risk Management at (210) 898-2039. *Discrepancies must be identified within the first **30 days** from the effective date of the policy to be considered.*

Medicaid and the Children's Health Insurance Program (CHIP) Offer Free or Low-Cost Health Coverage to Children and Families

If you are eligible for health coverage from Edgewood ISD, but are unable to afford the premiums, the state of Texas has premium assistance programs that can help pay for your coverage. The State uses funds from the Medicaid or CHIP programs to help people who are eligible for employer sponsored health coverage but need assistance in paying health premiums. If you or your dependents are already enrolled in Medicaid or CHIP, you can contact the State Medicaid or CHIP office at 1-800-449-0493 (<https://www.gethipptexas.com/>) to find out if premium assistance is available.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, you can contact the following to see how to apply:

State or CHIP office
1-800-449-0493
(<https://www.gethipptexas.com>)
dial **1-877 KIDSNOW**
www.insurekidsnow.gov

If you qualify, you can ask the State if it has a program that might help you pay the premiums for an employer-sponsored plan.

Once it is determined that you or your dependents are eligible for premium assistance under Medicaid or CHIP, Edgewood and our health insurance carrier (BCBS) will allow you and your dependents to enroll in the health insurance-as long as you and your dependents are eligible, but not already enrolled in the district health insurance plan. This is called a “special enrollment”. **You must request coverage within 60 days of being determined eligible for premium assistance.**

Tax-free savings for medical expenses.

What is a Health Savings Account (HSA)?

An HSA is a personal savings account that can be used to pay for medical, dental, vision and other qualified expenses now or later in life. To contribute to an HSA, you must be enrolled in a qualified high-deductible health plan. Your contributions are tax-deductible, but are limited annually. If your employer offers payroll deduction, you'll see immediate tax savings on your contributions. You can use the money tax-free to pay for eligible expenses such as:

- ✓ Copays & Deductibles
- ✓ Hearing Aids
- ✓ Prescriptions
- ✓ Laser Eye Surgery
- ✓ Dental Care
- ✓ Orthodontia
- ✓ Contacts & Eyeglasses
- ✓ Chiropractic Care
- ✓ Medicare Premiums
- ✓ COBRA Premiums

Life's not always flexible, but your money can be.

REDUCE your taxable Gross Income. SPEND tax-free dollars for medical care. INVEST and grow your HSA tax free!

HSAs offer a triple tax advantage

- 1. CONTRIBUTE TAX-FREE.** If your employer offers payroll deduction through a Cafeteria Plan, you may make contributions to your HSA on a pre-tax basis or you can contribute to your HSA post-tax and recognize the same tax savings by claiming the deduction when filing your annual taxes.
- 2. SPEND TAX-FREE.** Eligible medical purchases can be made tax-free when you use your HSA. Make this easy by using your NBS Smart Card or online bill pay. You can also pay out-of-pocket for eligible medical expenses and then reimburse yourself from your HSA.
- 3. EARN TAX-FREE.** Unlike most savings accounts, interest earned on an HSA is not considered taxable income when the funds are used for eligible medical expenses. You can also invest HSA dollars and interest earned is tax-free.

When do you pay taxes on your HSA?

The only time you may pay taxes or penalties on your HSA funds is if you make a non-eligible purchase, or if you contribute more than the yearly maximum contribution limit. However, both circumstances can be corrected free of tax penalties by April 15th of the following calendar year.

Account access is easy

Get account information from our easy-to-use online portal and mobile app. See your account balance, contributions and account history in real time.

Spending is easy

Our convenient NBS Smart Card allows you to avoid out-of-pocket expenses, cumbersome claim forms and reimbursement delays. You may also utilize the "pay a provider" option on our web portal.

Saving is easy

Since it is a savings account, you are encouraged to save more than you spend. Unlike FSA funds which are "use-it-or-lose-it," your HSA balance rolls over from year-to-year and earns interest along the way. The account is portable, which means that if you ever leave your employer, you can take the HSA with you. It's **your money** and **your account**.

Advantages of an HSA

- ① No more "use it or lose it"
- ② Triple tax savings
- ③ Job to job and through retirement you KEEP your money
- ④ An excellent way to save for healthcare expenses.

Health Savings Accounts

What is a health savings account (HSA)?

An HSA is a tax-advantaged personal savings account that can be used to pay for medical, dental, vision and other qualified expenses now or later in life. To contribute to an HSA you must be enrolled in a qualified high-deductible health plan (HDHP) and your contributions are limited annually. The funds can even be invested, making it a great addition to your retirement portfolio.

Why should I participate in an HSA?

Funds contributed to an HSA are triple-tax-advantaged.

- 1. Money goes in tax-free.** Most employers offer a payroll deduction through a Section 125 Cafeteria Plan, allowing you to make contributions to your HSA on a pre-tax basis. The contribution is deposited into your HSA prior to taxes being applied to your paycheck, making your savings immediate. You can also contribute to your HSA post-tax and recognize the same tax savings by claiming the deduction when filing your annual taxes.
- 2. Money comes out tax-free.** Eligible healthcare purchases can be made tax-free when you use your HSA. Purchases can be made directly from your HSA account, either by using your benefits debit card, ACH, online bill-pay, check, or you can pay out-of-pocket and then reimburse yourself from your HSA.
- 3. Earn interest tax-free.** The interest on HSA funds grows on a tax-free basis. And, unlike most savings accounts, interest earned on an HSA is not considered taxable income when the funds are used for eligible medical expenses.

What expenses are eligible for reimbursement?

Health plan co-pays, deductibles, co-insurance, vision, dental care, and certain medical supplies are covered. The IRS provides specific guidance regarding eligible expenses. (See IRS Publication 502).

Am I eligible to participate?

In order to contribute, you must be enrolled in a qualified HDHP, not covered under a secondary health insurance plan, not enrolled in Medicare, and can't be claimed as a dependant on someone else's tax return. There are no eligibility requirements to spend previously-contributed HSA funds.

What is a high-deductible health plan?

An HDHP is a health insurance plan with deductible amounts that are greater than \$1,500 for individual or \$3,000 for family coverage and have an out-of-pocket maximum that does not exceed \$7,500 for individual or \$15,000 for family coverage.

How do I contribute money to my HSA?

Payroll deduction is most likely offered by your employer. Your annual contribution will be divided into equal amounts and deducted from your payroll before taxes. Direct contributions can also be made from your personal checking account and can be deducted on your personal income tax return.

Can I change my contributions to my HSA during the year?

Yes. You will not be subject to the change-in-status rules applicable to other benefit accounts. You will be able to make changes in your contributions by providing the applicable notice of change provided by your employer.

How much can I contribute to my HSA?

Contributions can be made by the eligible employee, their employer, or any other individual. Annual contributions from all sources may not exceed \$3,850 for singles or \$7,750 for families in 2023. Individuals aged 55 and over may make an additional \$1,000 catch-up contributions.

Do I have to spend all my contributions by the end of the plan year?

No. HSA money is yours to keep. Unlike a flexible spending account (FSA), unused money in your HSA isn't forfeited at the end of the year; it continues to grow, tax-deferred. What happens if my employment is terminated? HSAs are portable and move with you if you change employment. Your HSA belongs to you, not your employer, just like your personal checking account.

How do I access the funds in my HSA?

Your HSA is similar to a checking account. You are responsible for ensuring the money is spent on qualified purchases only and maintaining records to withstand IRS scrutiny. Payments can be made via check, ACH, online bill-pay, or debit card.

When must contributions be made to an HSA for a taxable year?

Contributions for the taxable year can be made in one or more payments at any time after the year has begun and prior to the individual's deadline (without extensions) for filing the eligible individual's federal income tax return for that year. For most taxpayers, the deadline is April 15 of the year following the year for which contributions are made.

What happens to the money in my HSA if I no longer have HDHP coverage?

Once you discontinue coverage under an HDHP and/or get secondary health insurance coverage that disqualifies you from an HSA, you can no longer make contributions to your HSA. However, since you own the HSA, you can continue to use the remaining funds for future healthcare expenses.

Is tax reporting required for an HSA?

Yes. IRS form 8889 must be completed with your tax return each year to report total deposits and withdrawals from your account. You do not have to itemize to complete this form.

Can I still deduct healthcare expenses on my tax return?

Yes, but not the same expenses for which you have already been reimbursed from your HSA.

Can I withdraw the money for non-healthcare purchases?

Yes. If you withdraw the money for an unqualified expense prior to age 65, you'll pay a 20% excise tax. You can withdraw the money for any reason without penalty after age 65, but are subject to applicable income taxes.

Can I roll over or transfer funds from my HSA or Medical Savings Account (or Archer MSA) into an HSA?

Yes. Pre-existing HSA funds or MSA monies may be rolled into an HSA and will continue their tax-free status.

Can I control how the funds are invested?

Yes. Once your HSA cash account balance reaches the minimum amount required by the custodian, you can transfer funds to an HSA investment account. You can choose from a selection of mutual funds and setup and allocation model for future transfers like you would for a 401k plan.

Can I transfer funds between the cash and investment accounts?

Yes. You can transfer money between your HSA cash and HSA investment account at any time.

Q. Who is a participating dentist?

A. A participating dentist is a general dentist or specialist who has agreed to accept negotiated fees as payment in full for covered services provided to plan members. Negotiated fees typically range from 30% – 45% below the average fees charged in a dentist’s community for the same or substantially similar services.†

Q. How do I find a participating dentist?

A. There are thousands of general dentists and specialists to choose from nationwide --so you are sure to find one that meets your needs. You can receive a list of these participating dentists online at www.metlife.com/mybenefits or call 1-800-942-0854 to have a list faxed or mailed to you.

Q. What services are covered under this plan?

A. The Plan documents set forth the services covered by your plan. The List of Primary Covered Services & Limitations herein contains a summary of covered services. In the event of a conflict between the Plan documents and this summary, the terms of the Plan documents shall govern.

Q. May I choose a non-participating dentist?

A. Yes. You are always free to select the dentist of your choice. However, if you choose a non-participating dentist your out-of-pocket cost may be higher.

Q. Can my dentist apply for participation in the network?

A. Yes. If your current dentist does not participate in the network and you would like to encourage him/her to apply, ask your dentist to visit www.metdental.com, or call 1-866-PDP-NTWK for an application.†† The website and phone number are for use by dental professionals only.

Q. How are claims processed?

A. Dentists may submit your claims for you which means you have little or no paperwork. You can track your claims online and even receive email alerts when a claim has been processed. If you need a claim form, visit www.metlife.com/mybenefits or request one by calling 1-800-942-0854.

Q. Can I get an estimate of what my out-of-pocket expenses will be before receiving a service?

A. Yes. You can ask for a pretreatment estimate. Your general dentist or specialist usually sends MetLife a plan for your care and requests an estimate of benefits. The estimate helps you prepare for the cost of dental services. We recommend that you request a pre-treatment estimate for services in excess of \$300. Simply have your dentist submit a request online at www.metdental.com or call 1-877-MET-DDS9. You and your dentist will receive a benefit estimate for most procedures while you are still in the office. Actual payments may vary depending upon plan maximums, deductibles, frequency limits and other conditions at time of payment.

Q. Can MetLife help me find a dentist outside of the U.S. if I am traveling?

A. Yes. Through international dental travel assistance services* you can obtain a referral to a local dentist by calling +1-312-356-5970 (collect) when outside the U.S. to receive immediate care until you can see your dentist. Coverage will be considered under your out-of-network benefits.** Please remember to hold on to all receipts to submit a dental claim.

B. How does MetLife coordinate benefits with other insurance plans?

A. Coordination of benefits provisions in dental benefits plans are a set of rules that are followed when a patient is covered by more than one dental benefits plan. These rules determine the order in which the plans will pay benefits. If the MetLife dental benefit plan is primary, MetLife will pay the full amount of benefits that would normally be available under the plan, subject to applicable law. If the MetLife dental benefit plan is secondary, most coordination of benefits provisions require MetLife to determine benefits after benefits have been determined under the primary plan. The amount of benefits payable by MetLife may be reduced due to the benefits paid under the primary plan, subject to applicable law.

Q. Do I need an ID card?

A. No. You do not need to present an ID card to confirm that you are eligible. You should notify your dentist that you are enrolled in the MetLife Preferred Dentist Program. Your dentist can easily verify information about your coverage through a toll-free automated Computer Voice Response system.

How does it work?

You keep coverage for a set period of time, or “term.” If you die during that term, the money can help your family pay for basic living expenses, final arrangements, tuition and more. AD&D Insurance is also available, which can pay a benefit if you survive an accident but have certain serious injuries. It can pay an additional amount if you die from a covered accident.

Why Choose Unum?

Your employer is offering you this coverage at no cost to you.

What else is included?

A “Living” Benefit

If you are diagnosed with a terminal illness with less than 12 months to live, you can request 75% of your life insurance benefit (up to \$500,000) while you are still living. This amount will be taken out of the death benefit and may be taxable.

Waiver of premium

Your cost may be waived if you are totally disabled for a period of time.

Portability

You may be able to keep coverage if you leave the company, retire or change the number of hours you work.

Employees or dependents who have a sickness or injury having a material effect on life expectancy at the time their group coverage ends are not eligible for portability.

EN-2058-1 FOR EMPLOYEES (10-20)

Term Life and Accidental Death & Dismemberment (AD&D) Insurance

How does it work?

You choose the amount of coverage that's right for you, and you keep coverage for a set period of time, or "term." If you die during that term, the money can help your family pay for basic living expenses, final arrangements, tuition and more. AD&D Insurance is also available, which pays a benefit if you survive an accident but have certain serious injuries. It pays an additional amount if you die from a covered accident.

Why is this coverage so valuable?

If you previously purchased coverage, you can increase it up to \$250,000 to meet your growing needs — with no medical underwriting.

What else is included?

A 'Living' Benefit — If you are diagnosed with a terminal illness with less than 12 months to live, you can request 75% of your life insurance benefit (up to \$500,000) while you are still living. This amount will be taken out of the death benefit, and may be taxable. **These benefit payments may adversely affect the recipient's eligibility for Medicaid or other government benefits or entitlements, and may be taxable.** Recipients should consult their tax attorney or advisor before utilizing living benefit payments.

Waiver of premium — Your cost may be waived if you are totally disabled for a period of time.

Portability — You may be able to keep coverage if you leave the company, retire or change the number of hours you work.

Employees or dependents who have a sickness or injury having a material effect on life expectancy at the time their group coverage ends are not eligible for portability.

Who can get Term Life coverage?

If you are actively at work at least 20 hours per week, you may apply for coverage for:

You:	Choose from \$10,000 to \$500,000 in \$10,000 increments, up to 7 times your earnings. If you previously purchased coverage, you can increase it up to \$250,000 with no medical underwriting. If you previously declined coverage, you may have to answer some health questions.
Your spouse:	Get up to \$500,000 of coverage in \$5,000 increments. Spouse coverage cannot exceed 100% of the coverage amount you purchase for yourself. If you previously purchased coverage for your spouse, they can increase their coverage up to \$50,000 with no medical underwriting, if eligible (see delayed effective date). If you previously declined spouse coverage, some health questions may be required.
Your children:	Get up to \$10,000 of coverage in \$2,000 increments if eligible (see delayed effective date). One policy covers all of your children until their 26th birthday. The maximum benefit for children live birth to 6 months is \$1,000.

Who can get Accidental Death & Dismemberment (AD&D) coverage?

You:	Get up to \$500,000 of AD&D coverage for yourself in \$10,000 increments to a maximum of 7 times your earnings.

**Multiply the per \$1,000 rates shown above by the benefit amount divided by \$1,000 (e.g., 15 for \$15,000 of coverage) and round to two decimals to calculate rates for the quoted benefit amounts. Note that the per \$1,000 rates are only applicable to the benefit amounts shown in this C&B. Final implemented rates may vary slightly due to rounding.*

MetLife offers two sets of rates to customers who are offering our voluntary products. “On Ballot” rates reflect a preferred enrollment strategy and is the least expensive option. On Ballot rates are available for enrollment circumstances where this product is offered at the same time and on the same platform as Major Medical. “Off Ballot” rates reflect a non-preferred enrollment strategy and are more expensive. If the customer selects an On Ballot preferred enrollment strategy, lower rates are available, as shown in the table above.

WHAT DOES IT MEAN TO BE DISABLED?

Typically, disability means that you cannot perform one or more of the essential duties of your occupation due to injury, sickness, pregnancy or other medical condition covered by the insurance, and as a result, your current monthly earnings are less than 80% of your pre-disability earnings. Once you have been disabled for 2 years following the elimination period, you must be prevented from performing one or more of the essential duties of any occupation and as a result, your current monthly earnings are less than or equal to 66.67% of your pre-disability earnings.

Pre-disability earnings is your regular monthly rate of pay, not counting commissions, bonuses, overtime pay or any other fringe benefit or extra compensation.

You are eligible for this insurance if you are an active full-time employee who works at least 20 hours per week on a regularly scheduled basis

AM I GUARANTEED COVERAGE?

If you elect coverage during your scheduled enrollment period or if this is the first time you are eligible to elect coverage, evidence of insurability is not required. Outside your scheduled enrollment period and during a family status change period, evidence of insurability is required to elect coverage for the first time or make a change to enhance your current coverage.

This coverage is subject to a pre-existing condition exclusion, which is detailed on the Limitations & Exclusions sheet.³

WHEN CAN I ENROLL?

You may enroll during any scheduled enrollment period, within 31 days of the date you have a change in family status, or within 31 days of the completion of any eligibility waiting period established by your employer.

WHEN DOES THIS INSURANCE BEGIN?

Subject to any eligibility waiting period established by your employer, if you enroll for coverage prior to this date, insurance will become effective on this date. If you enroll for coverage after this date, insurance will become effective in accordance with the terms of the certificate (usually the first day of the month following the date you elect coverage).

You must be actively at work with your employer on the day your coverage takes effect.

WHEN DOES THIS INSURANCE END?

This insurance will end when you no longer satisfy the applicable eligibility conditions, premium is unpaid, you leave your employer, or the coverage is no longer offered.

GROUP VOLUNTARY HOSPITAL INDEMNITY INSURANCE BENEFIT HIGHLIGHTS

The average cost for a hospital stay is \$2,607 per day¹

Edgewood Independent School District

Hospital Indemnity (HI) insurance pays a cash benefit if you or an insured dependent (spouse or child) are confined in a hospital for a covered illness or injury. It also provides additional daily benefits for related services. Even with the best primary health insurance plan, out-of-pocket costs from a hospital stay can add up.

The benefits are paid in lump sum amounts to you, and can help offset expenses that primary health insurance doesn't cover (like deductibles, co-insurance amounts or co-pays), or benefits can be used for any non-medical expenses (like housing costs, groceries, car expenses, etc.).

EMPLOYEE FREQUENTLY ASKED QUESTIONS

As a pioneer in the medical transport solutions business for over 40 years, MASA MTS has been the Emergency Transportation solution employees trust for protection from out-of-pocket expenses** due to ground and air ambulance transports. Here are employee member frequently asked questions:

Coverage Questions

How are ground and air ambulance claims denied?

Due to the nature of modern health insurance, there's an almost 80% chance that you could be responsible for a large portion of your emergency transportation bill.¹ Even if health insurance covers part of your bill, there are many scenarios where they may not cover the total cost. The ambulance that picks you up may be out-of-network, the reason for your trip may not be deemed a medical necessity or you might still have to meet your health insurance deductible.

Why would an ambulance be out-of-network?

There are over 27,000 ambulance companies operating in the United States.² Some companies are run by cities and states, others are run by local or national companies. Many insurance plans only cover in-network ambulance companies. Even if you're heading to an in-network hospital, the ambulance itself could be out-of-network and leave you with a "balance bill". MASA MTS offers coverage for ALL ambulance companies operating within the continental United States, Alaska, Hawaii and while traveling in Canada.

What is medical necessity?

Medical necessity is established when any other transportation method (besides an ambulance) would endanger the patient's life. For example, let's say you're experiencing symptoms associated with a heart attack and end up taking an ambulance to the hospital. If your health insurance decides that the cause of your symptoms (perhaps indigestion, heartburn, or a panic attack) doesn't meet their requirements for an ambulance, they could deny your claim and potentially leave you on the hook for thousands of dollars.

Which ambulance company can I use?

MASA MTS works hand-in-hand with the benefits health plan administrators and transport companies to ensure you and your family have no out-of-pocket costs** no matter which provider completes the ambulance transport within the continental United States, Alaska, Hawaii and while traveling in Canada. Additionally, our coverage applies regardless of network. In the event of an emergency, simply call 911 and get to the hospital. When you receive the bill from the ambulance company, just submit it to us.

Will MASA MTS pay my copay or deductible?

Yes! Our goal is to leave you with complete peace of mind. We will cover all copays, even if you haven't met your deductible.

Portable, Permanent, Individual Life Insurance for Employees and Their Families

As an employee, you can apply for valuable life insurance protection on you and your family under eligibility guidelines established for your employer. Your employer has conveniently agreed to permit you to pay premiums through payroll deduction. This is a summary only. Policy provisions prevail. This brochure is not a contract or an offer to contract.

Minimal Cash Values Buy this policy for its life insurance protection, not its cash value. The primary benefit is life insurance. Payment of the Table Premium produces a small cash value (Benchmark Cash Value).

Permanent Life Insurance Coverage Unlike group term life insurance, PureLife-plus is a personally owned, permanent individual life insurance policy to age 121 that can never be canceled or reduced as long as you pay the necessary premiums, even if your health changes.

Guaranteed Period Continuous, timely, and uninterrupted payment of the Table Premium guarantees coverage for the Guaranteed Period shown. Texas Life (We) cannot legally predict the premium required to continue coverage after the Guaranteed Period. It may be lower, the same, or higher than the Table Premium. However, if the premium to continue coverage is ever higher, We guarantee a limited right to a partial refund of premium (described below).

Guaranteed Limited Right to Partial Refund of Premium If a premium higher than the Table Premium is ever required to continue coverage after the Guaranteed Period, you have the choice to:

- Pay the higher premium(s) required to continue coverage; or,
- Surrender the policy and receive a partial refund of premium equal to 120 times the minimum monthly premium due at issue (ten years worth of Table Premium). You are eligible for this refund if the actual cash value equals or exceeds the Benchmark Cash Value and you have taken no prior partial surrenders.

Portable Once issued, continued employment is not a condition to continue coverage. Coverage is guaranteed as long as required premiums are paid, even after you retire or terminate employment. When employment ends, you can pay equivalent monthly premiums directly or by bank draft (for monthly direct payments we add a monthly fee not to exceed \$2.00). Other modes are available.

Accelerated Death Benefit Due to Terminal Illness For no added premium, the policy includes an Accelerated Death Benefit Due to Terminal Illness Rider (Form ICCo7-ULABR-07). If the insured becomes terminally ill you may elect to claim an accelerated benefit while the insured is still alive in lieu of the insurance proceeds otherwise payable at death. The single sum benefit is 92% of the insurance proceeds less an administrative fee of \$150. This is not a long-term care benefit. Terminal Illness is an injury or sickness diagnosed and certified by a qualifying physician that, despite appropriate medical care, is reasonably expected to result in death within 12 months. Other conditions and limitations apply. The right to accelerate benefits under this rider does not extend to any Child Term Life Insurance Rider. However, if the Accelerated benefit is paid, the Child Rider is paid-up term insurance as if the insured

had died. Payment of the Accelerated Death Benefit terminates the policy and all other optional benefits/riders without further value.

Individual and Family Coverage is Easy to Apply For Subject to age and amount restrictions, you may apply for an individual policy on your life or your spouse's life (see chart next page for spouse's minimum/maximum amounts). An individual policy for \$ 25,000 is also available on each of your children ages 15 days — 26, and even on each of your grandchildren ages 15 days — 18. (You may cover children ages 18 and younger under the Child Term Life Insurance Rider in lieu of individual policies.) Proof of insurability is required. Most policies are issued based upon the answers to three work and health related application questions.

TEXAS LIFE is the oldest legal reserve life insurance company domiciled in Texas, established in 1901.

Policy Mechanics and Other Important Details Premiums are flexible. However, we highly recommend payment of the Table Premium during the Guaranteed Period, and no partial surrenders or policy loans. Table Premium produces a small cash value (Benchmark Cash Value). Paying a lesser premium results in an actual cash value which is less than Benchmark Cash Value, causing the policy to lapse. Premiums less a premium load create cash value to pay monthly administrative loads and cost of insurance. Cash value is currently credited the guaranteed interest rate of 4.00% per annum. We may, at any time, credit higher than the guaranteed interest rate. Likewise, We may charge cost of insurance rates which are less than the policy's maximum rates, but only when actual cash value equals or exceeds Benchmark Cash Value. No surrender charges apply. Loads include 4.00% of premium, \$ 1.50 per month and monthly administrative loads. Two year suicide and contestable clauses apply (one year suicide clause in Colorado). The policy loan rate is 7.40% in advance. Surrenders and loans may be deferred for up to six months.

IMPORTANT NOTICES | PLEASE READ THE FOLLOWING NOTICES REGARDING ACCELERATED DEATH BENEFITS CAREFULLY

Important Notice The insurance proceeds, cash values, and loan values will all be reduced to zero and will no longer be payable if Texas Life pays the Accelerated Death Benefit.

determine the effect on you. Neither Texas Life nor its agents are authorized to give tax or legal advice.

Important Tax Notice The Accelerated Death Benefit under this rider is intended to qualify for favorable income tax treatment under the Internal Revenue Code of 1986. If the Accelerated Death Benefit qualifies for such favorable tax treatment, the benefit will be excludable from your income and not subject to federal income taxation. Tax laws relating to acceleration of life insurance benefits are complex. You should consult a qualified tax or legal advisor to

Public Assistance Program Notice Receipt of the Accelerated Death Benefit may affect your, your spouse's or your family's eligibility for medical assistance (Medicaid), Aid to Families with Dependent Children (AFDC), supplementary social security income (SSI), and drug assistance programs. You should consult a qualified tax or legal advisor and social services agencies concerning how receipt of such payment will affect your, your spouse's and your family's eligibility for public assistance.

INTERIM INSURANCE: Interim insurance will be in force on the application date if these conditions are met: (1) the insurance is purchased through payroll deduction; (2) the Salary Deduction Authorization is signed; and, (3) the proposed insured is insurable at standard rates under Our rules and usual practice. Interim insurance remains in effect until the earlier of: (a) the Policy Date; (b) the date We decline the application; (c) the date We notify the applicant that s/he is ineligible for interim insurance; or, (d) the 180th day after the application date. In Kansas, clauses (3) and (d) do not apply, and clauses (b) and (c) apply only when We refund all premiums.

FLEXIBLE BENEFITS PLAN

Edgewood Independent School District

Employer ID NBS851454

PLAN HIGHLIGHTS

Login at: my.nbsbenefits.com

Congratulations! Edgewood Independent School District has established a "Flexible Benefits Plan" to help you pay for your out-of-pocket medical expenses. One of the most important features of the Plan is that the benefits being offered are paid for with a portion of your pay before Federal income or Social Security taxes are withheld. This means that you will pay less tax and have more money to spend and save. However, if you receive a reimbursement for an expense under the Plan, you cannot claim a Federal income tax credit or deduction on your return.

DETERMINING CONTRIBUTIONS

Before each Plan Year begins, you will select the benefits you want and how much of the contributions should go toward each benefit. It is very important that you make these choices carefully based on what you expect to spend on each covered benefit or expense during the Plan Year.

Generally, you cannot change the elections you have made after the beginning of the Plan Year. However, there are certain limited situations when you can change your elections if you have a "change in status". Please refer to your Summary Plan Description for a change in status listing.

WHEN AM I ELIGIBLE TO PARTICIPATE

If you work for the company, you will be eligible to join the Plan once you have satisfied the conditions for coverage under our Group Medical Plan.

You will enter the Plan on the day in which you meet the above eligibility requirements.

WHAT TYPE OF BENEFITS ARE AVAILABLE

Under our Plan, you can choose the following benefits. Each benefit allows you to save taxes at the same time because the amount you elect is set aside on a pre-tax basis.

Health Flexible Spending Account:

The Health Flexible Spending Account (FSA) enables you to pay for expenses allowed under Section 105 and 213(d) of the Internal Revenue Code which are not covered by our insured medical plan. The most that you can contribute to your Health FSA each Plan Year is set by the IRS. This amount can be adjusted for increases in cost-of-living in accordance with Code Section 125(i)(2). Please note: If you contribute to this benefit, you **cannot** elect a Health Savings Account (HSA) Benefit.

Health Savings Account:

A Health Savings Account allows participants insured by a Qualified High Deductible Insurance Plan to save for deductibles and other expenses not covered under the Plan. If you participate in this benefit you **cannot** participate in the Health Flexible Spending Account benefit.

Dependent Care Flexible Spending Account:

The Dependent Care Flexible Spending Account (DCAP) enables you to pay for out-of-pocket, work-related dependent day-care cost. Please see the Summary Plan Description for the definition of eligible dependent. The law places limits on the amount of money that can be paid to you in a calendar year. Generally, your reimbursement may not exceed the lesser of: (a) \$5,000 (if you are married filing a joint return or you are head of a household) or \$2,500 (if you are married filing separate returns; (b) your taxable compensation; (c) your spouse's actual or deemed earned income. Also, in order to have the reimbursements made to you and be excluded from your income, you must provide a statement from the service provider including the name, address, and in most cases, the taxpayer identification number of the service provider, as well as the amount of such expense and proof that the expense has been incurred.

Flexible Benefits Plan

Highlights Continued

For the Dependent Care Flexible Spending Account, you must submit claims no later than 90 days after the end of the Plan Year. However, if you terminated employment during the Plan Year, you must submit your Dependent Care Flexible Spending Account claims within 30 days after your termination of employment. Any claims submitted after that time will not be considered.

Premium Expense Plan:

A Premium Expense portion of the Plan allows you to use pre-tax dollars to pay for specific premiums under various insurance programs that we offer you.

Please note: Policies other than company sponsored policies (i.e. spouse's or dependents' individual policies etc.) may not be paid through the Flexible Benefits Plan. Furthermore, qualified long-term care insurance plans may not be paid through the Flexible Benefits Plan.

HOW DO I RECEIVE REIMBURSEMENTS

During the course of the Plan Year, you may submit requests for reimbursement of expenses you have incurred. Expenses are considered "incurred" when the service is performed, not necessarily when it is paid for. You can get a claim form at www.NBSbenefits.com.

Claim forms must be submitted no later than 90 days after the end of the Plan Year for the Health Flexible Spending Account. Any contributions remaining at the end of the Plan Year will be forfeited.

Employees who terminate employment during the Plan Year must submit their Health Flexible Spending Account claims within the 30 Days following their termination date. Claims may only be for services prior to the termination date.

NBS Flexcard – FSA Pre-paid MasterCard

Your employer may sponsor the use of the NBS Flexcard, making access to your flex dollars easier than ever. You may use the card to pay merchants or service providers that accept credit cards, so there is no need to pay cash up front then wait for reimbursement.

Orthodontic expenses that are paid fully up-front at the time of banding are reimbursable in full after the initial service has been performed and payment has been made. Ongoing orthodontia payments are reimbursable only as they are paid.

WHO ARE HIGHLY COMPENSATED & KEY EMPLOYEES

Under the Internal Revenue Code, "highly compensated employees" and "key employees" generally are Participants who are officers, shareholders or highly paid.

If you are within these categories, the amount of contributions and benefits for you may be limited so that the Plan as a whole does not unfairly favor those who are highly paid, their spouses or their dependents. Please refer to your Summary Plan Description for more information. You will be notified of these limitations if you are affected.

What is a Dependent Care Assistance Program (DCAP)?

The Dependent Care Assistance Program (DCAP) allows you to use tax-free dollars to pay for child day care or elder day care expenses that you incur because you and your spouse are both gainfully employed.

To participate, determine the annual amount that you want to deduct from your paycheck before taxes. The maximum amount you can elect depends on your federal tax filing status (\$5,000 if you are married and filing a joint return or if you are a single parent, \$2,500 if you are married but filing separately)

Your annual amount will be divided by the number of pay periods in the plan year and that amount will be deducted from each paycheck.

Who is an eligible dependent?

You can use the DCAP for expenses incurred for:

- Your qualifying child who is age twelve or younger for whom you claim a dependency exemption on your income tax return.
- Your qualifying relative (e.g. a child over twelve, your parent, a spouse's parent) who is physically or mentally incapable of caring for himself or herself and has the same principal place of abode as you for more than half of the year.
- Your spouse who is physically or mentally incapable of caring for himself or herself and has the same principal place of abode as you for more than half of the year.

Special Rule for Parents Who Are Divorced, Separated, or Living Apart

Only the custodial parent can claim expenses from the DCAP. The custodial parent is generally the parent with whom the child resides for the greater number of nights during the calendar year. Additionally, the custodial parent cannot be reimbursed from the DCAP for child-care expenses while the child lives with the non-custodial parent because such expenses are not incurred to enable the custodial parent to be gainfully employed.

What are eligible expenses for the DCAP?

The expenses which are eligible for reimbursement must have been incurred during the plan year and in connection with you and your spouse to remain gainfully employed.

Examples of eligible expenses:

- Before and After School and/or Extended Day Programs
- Daycare in your home or elsewhere so long as the dependent regularly spends at least 8 hours a day in your home.
- Base cost of day camps or similar programs.

Examples of ineligible expenses:

- Schooling for a child in kindergarten or above
- Babysitter while you go to the movies or out to eat
- Cost of overnight camps

What does it mean to be "gainfully employed"?

This means that you are working and earning an income (i.e. not doing volunteer work). You are not considered gainfully employed during paid vacation time or sick days. Gainful employment is determined on a daily basis.

If you are married, then your spouse would also need to be gainfully employed for your day care expenses to be eligible for reimbursement.

You are also considered gainfully employed if you are unemployed but actively looking for work, you are self-employed, you are physically or mentally not capable of self-care, or you are a full-time student (must attend for the number of hours that the school considers full-time, must have been a student for some part of each of 5 calendar months during the year, cannot be attending school only at night, does not include on-the-job training courses or correspondence schools).

What are some other important IRS regulations?

- You cannot be reimbursed for dependent care expenses that were paid to (1) one of your dependents, (2) your spouse, or (3) one of your children who is under the age of nineteen.
- In the event that you use a day care center that cares for more than six children, the center must be licensed.
- You must provide the day care provider's Social Security Number/Tax Identification Number (EIN) on form 2441 when you file your taxes.

What are some other important IRS regulations?

The IRS allows you to take a tax credit for your dependent care expenses. The tax credit may provide you with a greater benefit than the DCAP if you are in a lower tax bracket. To determine whether the tax credit or the DCAP is best for you, you will need to review your individual tax circumstances. You cannot use the same expenses for both the tax credit and the DCAP, however, you may be able to coordinate the federal dependent care tax credit with participation in the DCAP for expenses not reimbursed through DCAP.

457(b) PLANS

Benefits of a 457(b) Plan

By participating in your employer's 457(b) Plans, you can maximize the amount of money that you are saving for retirement,

457(b) Plan Highlights and Advantages

- Pre-tax contributions reduce current income taxes while saving.
- Distributions are taxed when received (typically when you are in a lower tax bracket). Contribution limits are in addition to any existing 403(b) contributions that you may be making.
- Plan payout upon retirement or separations from service without early distribution tax penalty.
- Make additional "catch-up" contributions if you are 50 (or older) or within three years of normal retirement age and have not already been contributing the maximum the plan.
- Flexibility to move your savings into a new Employer's retirement plan if you change jobs.

Flexibility and portability for life's changes

A unique feature of a 457(b) plan is that plan participants may be able take it with them. When you leave a job, you may be able to roll the eligible pre-tax 457(b) plan assets into an IRA, or to another employer's retirement plan if allowed by the new employer. Additionally, you can access your 457(b) savings through loans or emergency distributions if an unexpected need arises if your employer's plan allows.

Taxes are deferred until you take a withdrawal

Assets distributed from a 457(b) plan will be taxed as ordinary income in the year withdrawn. If the distribution is eligible to be rolled over, but is not directly rolled over to an eligible plan or IRA, generally, 20 percent mandatory withholding of federal income tax applies. Federal income tax will not be withheld if an eligible plan-to-plan transfer is made to another employer's 457(b) plan that accepts the transfer.

Annual Contributions

A 457(b) plan's annual contributions and other additions (excluding earnings) to a participant's account cannot exceed the lesser of:

1. 100% of the participant's includible compensation, OR
2. The elective deferral limit (as determined by the IRS)

Catch-Up Provisions

*Save even more as you get closer and closer to retirement age.

The "Age 50" catch-up provision allows you to contribute an additional annual amount each year when you reach age 50 or older. Three years prior retirement age (as designated in the plan) you can contribute an additional pre-retirement catch-up. You can contribute up to twice the annual limit based on un-contributed amounts from prior years.
